

New Product Information:

F3V Turbine Housing Series-

TiALSport is pleased to announce the production release of the new F3V turbine housing series. This new product offers customers that currently use competitive product with bolted-flange, "T3" manifolds, an alternative from sand-cast iron or other alloy housings.

Offered in four A/R values, 0.63, 0.82, 1.06, and 1.21, with direct-fit compatibility to many popular products, this housing family provides a level of flow capacity currently unmatched in the aftermarket.

These will be offered for the popular GT/GTX30 and GT/GTX35 models, as follows:

Turbo Model	Housing A/R	TiAL P/N
GT/GTX30	0.63	006614
GT/GTX30	0.82	006615
GT/GTX30	1.06	006616
GT/GTX30	1.21	007179
GT/GTX35	0.63	006620
GT/GTX35	0.82	006621
GT/GTX35	1.06	006622
GT/GTX35	1.21	007180

Investment-cast, in-house, from our legendary Nitronic 50SS alloy, the F3V offers the same level of quality, with high strength, light weight, and compact fitment as our existing V-flanged housings.

High-quality housings, developed, engineered, cast and machined under one roof, in the U.S.A.
